

**STATE BOARD OF ANIMAL HEALTH**  
ND Department of Agriculture  
600 E. Boulevard Ave. Dept. 602  
Bismarck, ND 58505-0020

## **DAIRY CATTLE**

- All need a health certificate.
- All dairy cattle must be individually officially identified and obtain a permit number prior to entry into ND.
- All testing and identification information must be listed on the health certificate.
- Females  $\geq 12$  months must be Official Calftood Vaccinates for Brucellosis (OCV) and inspecting veterinarian must verify and state on health certificate that the shield tattoo is visible.
  - Please note: ND does not recognize adult vaccination.
- Non-virgin and non-pregnant female cattle may not be imported, for breeding purposes, into ND, unless they qualify for the exemptions outlined in [Board Order 2007-03](#).
  - Please contact our office if questions.
- All sexually intact dairy cattle  $>60$  days of age must test negative for TB within 60 days prior to importation. Refer to [Board Order 2004-01](#).
  - Dairy cattle  $<60$  days of age are not eligible for import unless their dam has a negative TB test within 60 days prior to importation.
- Trichomonas foetus testing required on non-virgin bulls and all bulls  $\geq 24$  months of age. Refer to [Board Order 2007-03](#).
- All sexually intact dairy cattle  $\geq 18$  months of age originating from **Hot Springs, Park, Big Horn, Washakie, Teton, Fremont, Sublette, and Lincoln counties**, in WY, must also be tested for Brucellosis within 30 days prior to import.

### **ACCEPTABLE FORMS OF OFFICIAL ID INCLUDE:**

- USDA Silver tags
- Official Brucellosis (Bangs) vaccination tags
- USDA Approved Radio Frequency Identification Tags

**\*Effective January 1<sup>st</sup>, 2015, registration tattoos and registration numbers will no longer be considered official ID for cattle being imported into North Dakota**
